

Computer Algebra

Lecture Notes

Johannes Kepler Universität Linz
Wintersemester 2009/10

Prof. Franz Winkler
Institut für Symbolisches Rechnen
(RISC)

Contents

1. What is Computer Algebra ?	1
2. Gröbner Bases	5
2.1. Introduction	5
2.2. Gröbner Bases at Work	15
2.3. The notion of a Gröbner Basis	21
2.4. Solving ideal problems by Gröbner Bases	35
3. Greatest common divisors of polynomials	53
4. Resultants	67
