Prof. Richard Askey
University of Wisconsin-Madison, USA

**30 August 2011, 10:30 a.m.,
RISC seminar room**

**"Srinivasa Ramanujan,
a little of what he did and why we care"**

The life of Srinivasa Ramanujan would never be believed if a novelist wrote it rather than him living it. Some stories about his life will be given, and a very small fraction of his mathematical work will be described.
