

RISC & RICAM KOLLOQUIUM

in association with

JOHANNES-KEPLER-SYMPOSIUM

Univ.Prof. Dr. Franz Winkler
O.Univ.Prof. Dr. Heinz Engl

O.Univ.Prof. Dr. Ulrich Langer
Univ.Prof. Dr. Gerhard Larcher
A.Univ.Prof. Dr. Jürgen Maaß

Einladung

zu einem öffentlichen Vortrag (mit anschließender Diskussion)

Vortragstitel: „**Advanced Determinant Calculus**”

Vortragender: Prof. Dr. Christian Krattenthaler
(Universität Wien)

Zeit: **Wednesday, November 26, 2008, 15:30 Uhr**

Ort: **HF 9901, Universität Linz**

I shall present a selection of determinants which I came across during my work in combinatorics and number theory, and I shall use them to exemplify how one can compute also complicated determinants explicitly.

The intention of the symposium is to present new mathematical results for an audience interested in general mathematics.
